

PRODUCT DESCRIPTION

The Botament WC Set is a lightweight mounting device with integrated reinforcement elements for the cladding of WC front-wall installations. The Botament WC Set is especially suitable for the renovation of bathrooms and can be fixed onto nearly all stable substrates.

PRODUCT PROPERTIES

- Complete set for WC front-wall installations
- Quick fitting due to prefabricated gaps
- Highly stable because of integrated reinforcement elements
- Flexible scopes for design
- Water-repellent

AREAS OF APPLICATION

- mounting device for carrying tile coverings and filling technics in bathrooms

PREPARATION OF THE SUBSTRATE

The substrate must be in the following condition:

- dry and clean
- stable
- free from grease, cement laitance, separating agents and loose particles

APPLICATION ADVICE

If necessary the cut of the WC Set is done by means of a keyhole saw, a saw or a knife. The WC Set is fixed onto the substructure with the enclosed self-cutting metal screws.
